

Cylinder holders

Rastrelliere e carrelli portabombole

Cylinder holders

CYLINDER HOLDERS

Used to ensure the cylinder in vertical position by the safety chain. White metal painted body with support flask to fix the holder on the wall.
Available versions from 1 to 5 places.

CYLINDER TROLLEY:

White painted stainless steel body. It works in two different positions for carrying or standing up of the cylinders.

RASTRELLIERE:

Usate per assicurare la stabilità della bombola in posizione verticale tramite catena di sicurezza. Corpo in lamiera verniciata bianca con staffa di fissaggio a parete. Disponibili in versione da 1 a 5 posti.

CARRELLI PORTABOMBOLE:

Carrelli in acciaio verniciato bianco, utilizzabili in due posizioni per il trasporto e lo stazionamento delle bombole.
